# MEETING BOOTHS

*Space-only stands at exhibitions can be instantly decorated with one of these impressive booths – they're incredible in real life.*

They can also be used in offices to make inspirational areas for solo work or private meetings. Both the inside and outside are printed for a full 360° experience.

# STRAIGHT BACKDROPS

*Straight backdrops are easily built in just a few minutes.* They use a single, continuous graphic, so messages can stretch across the whole stand.

They're optionally double sided too. The magic of stretchy fabric means you can design one message for the front and another design for the back, then switch the covers round depending on the event!

# DISPLAY STANDS

*Freestanding display stands are easy to assemble and highly portable.* The frames simply clip together, then the fabric graphic goes over the top. After use, they dismantle in minutes so users can be on their way in no time at all.

Great for short term events like networking meetings and exhibitions or for long term use as in-store point-of-sale and office displays.

# FURNITURE

*The price of hiring exhibition furniture is extortionate. Why then not supply clients with their own that they can use time and time again?* Choose from a cool range of chairs, tables and lounge furniture with the added bonus of being able to add logos and brand colours. Better still – when the show's over, clients can use them around the office.
